Angela White adores her award!

KUDOS TO ANGELA!

Dear *Voluptuous*,

Congratulations to Angela White as Model of the Year winner.

This award was long overdue. Angela is perfect in face and figure. I hope she continues to pose for *SCORE* and *Voluptuous* for years to come.

Congratulations are also due to April McKenzie as Newcomer of the Year. She is gorgeous in every way. Her eyes are especially captivating. Please interview Ms. McKenzie and have her as your centerfold soon.

An especially hearty congratulations goes out to California beauty, Sapphire. She is exactly the kind of woman I would like to be married to!

Thank you for the latest photos of Brandy Talore. Her gorgeous face completes a picture-perfect voluptuous body. Please interview her and have her as a centerfold soon. I never get tired of seeing her.—J.T., Bellevue, Washington

ASPEN'S AWESOME ASS!

Dear *Voluptuous*,

It seemed like Aspen dropped out of sight for a while, but now I see her in nearly every issue of *Voluptuous*. Maybe not in full layouts, but at least a few pictures of her, usually doing hardcore.

As a big fan, I couldn't be more pleased to see this fresh material of her. Did she stop modeling and then come back? I really missed her!

To me her best feature is her plump, sexy ass. She has great tits and even a yummy tummy, but her ass gets my pecker throbbing every time. I really admire and envy those lucky guys who get to fuck her, especially doggie-style and even more especially in her tight, little asshole.

I hope Aspen is back to stay.

Her fans can't get enough.—H.D., Corinth, Texas

Dear H.D., You're right. Aspen did take some time off from modeling, but came back stronger than ever a few months ago. Like most of our V-gals, she's a regular chick with a regular job and a normal life. For a while, that life included a boyfriend who wasn't too keen on her sucking some other guy's cock and taking it in the ass for our jacking pleasure. Being the great girlfriend she was, she honored his feelings and took a break. Thankfully, that relationship ended and Aspen was on the phone with us immediately, scheduling some of her best photo and video shoots ever. Glad you like them.

GIVE ME MORE hardcore!

Dear *Voluptuous*,

My favorite section in your magazine is the Xtra section with the hardcore sex

Hardcore lovers get hard for *Voluptuous*.

photos. I love it that you are bold enough to show pictures of couples actually fucking. The first time I saw them I couldn't believe my eyes. I always thought that hardcore pictures were only in books and magazines that cost a lot more and were only available in adult bookstores.

I also like how you do the video previews in every issue. Those usually are from hardcore DVDs, so they have good pictures of fucking, too. Fantastic! Several of them have made me want the DVD, so it ended up being an extra sale for you.

I have read some letters here that put you down for showing hardcore, but I'm very glad to see that you ignore the critics and give us as much of what we really want as you can. I'm sure that guys who don't want to see hardcore pictures are very few.—J.H., Kiron, Iowa

Reader H.D. of Corinth, Texas, says he can't get enough of Aspen's awesome ass.

Reader D.B. of York, South Carolina, stopped buying *Voluptuous* for a while, but seeing Miranda on our cover brought him back to stay. Big tits like hers are powerful.

LOOKS LIKE YOU'RE BACK!

Dear *Voluptuous*,

I started reading *Voluptuous* several years ago, but I have to admit I stopped buying it a couple of years ago. The reason was that I felt like the quality had dropped to a point that I couldn't justify paying the cover price for it. I don't even know exactly what it was, the girls weren't as good, the photos were getting very predictable and basically it was just boring.

I did not purchase

Voluptuous for a long time, but several months ago I happened to

Veteran V-gal, Lilith, has never looked better than in July '08.

see the Holiday '07 issue in the store, with the cover photo of Miranda. I thought I'd give you guys another try, and it looked to me like an entirely new and fresh magazine!

I was just as turned on and entertained as I had been by those first copies of *Voluptuous* I bought in the late 1990s. The models and photos were superb and I even liked the story in that issue about the country singer fucking one of his groupies.

I liked that issue so much, I started buying your magazine again and haven't missed a single issue since. Some of your newer girls are out of this world! Christy Marks and Victoria Lane are now two of my favorite *Voluptuous* models.

Whatever you have done to vastly improve *Voluptuous*, I hope you will keep it up. You have finally restored a once-great publication to its former glory. Now I'm even thinking of subscribing.—D.B., York, South Carolina

D.J. of Elgin, Illinois, loves math. Two girls plus one guy is his favorite equation.

I have always like Lilith, but her pictures in the July '08 *Voluptuous* were the best I've ever seen of her. The funny thing is, I'm not exactly sure why I feel that way. She's also been very pretty and sexy, but in that issue she is absolutely stunning! She looks a bit slimmer than I've seen her before and her hair was done in a very nice style and length.

Of course, her tits were fabulous, as they always are, but they also looked better than ever. Keep up the good work and give us more of Lilith!

I usually like the new girls you put in each issue, but Bunny blew me away and made me blow my load. She's almost the exact opposite of Lilith, since she's blonde and heavier, but she sure is damn sexy. I'm sure she looks really good with a dick in her mouth, so show us that, too.

Another V-gal I've always liked seeing in hardcore is Kitty Lee, but in the July issue she even looked good by herself. I was happy to see her break from modeling was very short. Tits and a pussy like hers deserve to be seen.

It should go without saying that your covergirl and centerfold girl, Christy Marks, is a total, big-tit star. It was great seeing her again and her fame will continue to grow with each magazine layout and video she does.

Keep putting hot chicks like Lilith, Bunny, Kitty and Christy in *Voluptuous* and there's just no way you can go wrong.—M.J., Chicago, Illinois

THREWAY FANTASIES

Dear *Voluptuous*,

I have never been lucky enough to

bang two chicks at the same time, so I turn to your magazine to help inspire my fantasies.

You've recently had Tera Cox and April McKenzie (June '08) doing one guy together, and a few months ago I saw Sabina Leigh and Panther (Jan. '08) also doing a threesome. I would love to see more threesomes in the future.

Your hardcore photos are the best in the business, but they're twice as good with two girls.—D.J., Elgin, Illinois

haven't seen her in *Voluptuous* in quite some time.

Has she retired from modeling? I'm almost afraid to ask because I will be heartbroken if the answer is yes. She has the kind of boobs that has made *Voluptuous* the best magazine of its kind, but she also has so much more to offer. Her gorgeous face, fine ass and everything about her is simply divine.

Please tell me she has taken only a short break and still intends to show her bountiful assets to the world, as she should.—W.C., London, England

Dear W.C., Nothing to worry about. It has been a few issues since we've included Nicole. Her last appearance was in the February '08 issue, but she's still enthusiastic about her modeling and we'll be bringing you more of her very soon. We agree that she's among the best ever, but if you ate your favorite dish every day you would quickly tire of it. A girl as good as Nicole is best served one portion at a time.

STILL JACKING TO JUNE!

Dear *Voluptuous*,

I've had the June '08 *Voluptuous* for a couple of weeks now and I have to take a break from beating off to catch my breath and write you a quick note to tell you how much I appreciate it. It's filled

with my favorite girls from the front cover to the back.

I've been a *Voluptuous* reader for a few years and I always look forward to your annual awards issue, because I know it will contain only your best models. This year's awards issue did not let me down.

I've liked Angela White since I saw her for the very first time, but to be honest I was surprised she won Model of the Year. No offense to Angela. Like I said, I like her. But, I thought there were at least a couple of other models who would get more votes. But the people have spoken and I congratulate Angela on her win.

On the other hand, I was not a bit surprised that Sapphire won Plumper of the Year for the second straight time. With her unearthly tits, red hair, fair skin and pretty face, I would vote for her any year she's on the ballot, and did vote for her both years that she has won.

The biggest shock came when April McKenzie was named Newcomer of the Year. Don't get me wrong. April is almost as hot as they come, but let's be real. Tera Cox is simply a lot better. That was really clear in your Xtra section that had April and Tera doing a threesome. It was the perfect way to do a side-by-side comparison, and showed that Tera is sexier in every way. Well, that's my

Haydee

If you saw our Video Pick for the new DVD, *Big Fat Tits*, on the last few pages, then you've already gotten a look at mega-boobed model Haydee Rodriguez, who debuts in the video with a dick-stiffening scene. "I've never done any acting before," she said. "I was just doing what I do best."

The old saying is that "everything's bigger in Texas." Haydee hails from the Lone Star State and if her bra size can be used as proof, the cliché has merit. "I have the biggest boobs of any woman I know," she said. "And I like it that way. I always stand out in a crowd and get the most attention. That's great when it comes from a guy, but women can be very rude."

Haydee said she liked doing these photos in the kitchen, because she fucks in every room of her house. "The bed is nice, but it does get really boring very quickly," she said. "Some of the best sex ever was in the kitchen, and on the back porch, and on the living room floor, and in the swimming pool. There's no place that's off limits for sex."

RICH MAN'S WIFE

**He was hired to watch
a wayward wife.
But how far would
he go to keep the
customer satisfied?**

Story by Michael Bracken
Illustrations by Otis Sweat

I pressed the muzzle of my .38 against the base of Joe Sanderson's skull and dared him to twitch.

"Not even a deep breath," I whispered.

I reached into his jacket pocket and removed a switchblade and the keys to his apartment. I put the blade in my pocket and thrust the keys into his hand.

"Open it."

Sanderson opened his apartment door and we stepped inside. I directed him toward the bed, kicked the door shut behind us, and gave his place a quick once-over.

He had a single, large room with a kitchenette at one end and a sleeping area at the other. In between was a table surrounded by three mismatched chairs, a four-drawer dresser with a flat-screen television perched on top and a footlocker covered by a large cushion.

There were two doors and I opened each one. The first led to a bathroom barely big enough

for a toilet and shower. The other was a closet nearly the size of the bathroom. A half-dozen expensive Italian suits like the one he was wearing hung inside. Maybe a dozen white and French blue dress shirts and two dozen silk ties kept them company.

"What are you looking for?"

"Privacy."

"And the gun's to...?"

"Hold your attention."

"Ah." He crossed his legs, straightened the crease on his slacks, and waited.

I pulled one of the chairs away from the table, straddled it, and rested my folded arms on the high back. "My client thinks you're screwing his wife."

"Who's your client?"

"How many wives are you screwing?"

Sanderson smiled.

"He instructed me to strongly encourage you to direct your attention elsewhere."

"And if I don't?"

"If you don't, I cut off your money-maker and throw it in the river," I said.

Then I let myself out, leaving Sanderson there alone to consider his options.

Sandi was dressed in a red babydoll nightie and a pair of red fuck-me pumps when I returned home. She met me at the door and pressed herself against me, her heavy breasts flattening against my chest.

"Hard day?" she asked as she unthreaded my tie.

"You wouldn't understand." I'd never told her what I do for a living and she'd never asked. We had met at a nightclub and discovered a mutual appreciation for jazz, Martinis, and rough sex. She'd moved into my place three months after I'd fucked her in the ass while listening to a Thelonious Monk CD, and we'd been listening to jazz, drinking Martinis, and fucking regularly ever since.

The babydoll had a halter-top, and I brushed aside Sandi's sun-bleached blonde hair as I reached around her

neck to untie it. When she stepped backward and pulled my tie free from my collar, the twin polyester triangles of the flimsy garment's halter-top fell away to reveal the creamy white mounds of her massive mammaries. Each heavy breast was capped with a pale pink areola the

Sanderson's switchblade in my jacket pocket and it thumped when it hit the hardwood floor. Sandi didn't react to the sound, but she wasn't trained to notice things that were unusual or out of the ordinary. "Did you use your gun today?"

"I used it," I told her, "but I didn't shoot anybody."

She pouted slightly. "Well, that's too bad."

I unfastened the holster and slipped out of it. After I put it on the coffee table, Sandi made quick work of the rest of my clothes. Her flimsy babydoll and matching panties offered no resistance and soon she was almost totally naked, wearing only her fuck-me pumps because they made her stand nearly as tall as me.

I grabbed her wrist and pulled her back into my arms. Her breasts flattened against my chest and I felt her nipples pressing into me. I grabbed the cheeks of her ass and pulled her crotch tight against mine, trapping the thick tube of my cock against the thin triangle of silky blonde hair at the juncture of her thighs. Then I covered her lips with mine and thrust my tongue into her mouth. She sucked on it, and sucked hard.

Sandi forced one hand between us and grabbed my cock. I bent my knees slightly and she positioned the head of my rod against her swollen pussy lips. She was already wet with

desire, and when I straightened my legs and stood fully erect again, my cock sank deep into her hot box. Her eyes widened and she moaned with pleasure, releasing her oral grip on my tongue.

I began fucking her, forcing her to step backward until her back was against the door. She wrapped her arms around my neck and lifted one leg and wrapped it around my waist. She lifted the other

size of a silver dollar and a nipple as thick as a .22 shell. Her areolae had already constricted with desire and her firm nipples strained against my palms when I cupped her breasts in my hands.

"You're over-dressed," Sandi purred. She dropped my tie and pushed my jacket off of my shoulders. I released my grip on her heavy hooters so I could shake my arms free of the jacket, revealing my leather shoulder holster and the revolver it contained. I still had

Brianna's neighbor is getting an eyeful, but she doesn't mind. "I knew he had been watching me, so I decided to give him a little show," she said. "It's no secret that I'm proud of my body and like for people to see it. The guy is cute and sexy, so I went for it."

Brianna said she had a feeling she was being watched, and one day her suspicions were confirmed. "I like doing work in my back yard, and one day I caught a glimpse of him watching me through the trees," she said. "I acted like I didn't see him, but it gave me a strange and thrilling feeling to be watched like that. So, a couple of days later I was outside and he was there again, so I slowly removed my clothes."

Not satisfied to just give her Peeping Tom a look at her fantastic tits, ass and pussy, Brianna decided to give him something he would never forget. "There's an outdoor shower there that I sometimes use," she said. "Most of the time I use the hose to water the grass and the plants, but that day I took a sexy and seductive shower. Knowing my neighbor was behind the trees was a turn-on and I sprayed the water stream on my pussy until I came. I could tell he was jacking off, too. It was fun."

Jessie Lee

Jessie Lee looks really cute in her heart-covered nightie and her white panties, but that's just a disguise. What she really wants to do is get those off as quickly as possible and then get down to some serious business. "Guys are always telling me how sweet I look," she said. "I know they mean in it as a compliment, but when they find out how wild I am in private, they change their minds right away. I enjoy a bit of romance and warming up like most women. But, when I feel like a good shagging, I don't want to have to wait too long. I need to cum a few times to feel satisfied. Once or twice won't do, so it's best to get right to the good stuff and let the orgasms start coming."

One of Jessie's favorite ways to arrive at those multiple orgasm is via a guy's talented tongue. "Oh, God, I love to have my pussy eaten," she said. "I think all women do, really. However the fellow wants to do it feels good, but the best way is when he licks the full length of my pussy lips for a while, then concentrates more on my clitoris, then pokes his tongue into me over and over and mixes up those moves just right."

and hooked her ankles together behind me as I slammed into her again and again, our two bodies becoming one.

Her breasts shook against my chest, her nipples playing my ribs like a xylophone, and my response was to fuck her even faster. I drove my hips forward and upward, making the door rattle in its frame.

Then she came, her orgasm making Sandi scream and her pussy clutch at my cock as if she was trying to pull it from my crotch. I also couldn't restrain myself and I came, firing a thick wad of hot spunk deep into her hot hole.

I leaned against her, pressing her against the door, unable to move as her pussy milked my cock, drop by drop. After a moment, she unhooked her ankles and stood on her own. When my cock finally softened enough to slide free of her slick slit, Sandi pushed me to one side and then stepped around me.

"I made us a nice, big pitcher of Martinis," she said, then she disappeared into the kitchen to get it.

I sat in my client's living room the next morning, wondering how he could have ever married the butt-ugly woman he thought Sanderson was fucking, but I knew it wasn't my job to ask. The room engulfed both of us, and I could have parked my car inside the stone fireplace that filled the far wall. My client's money didn't impress me any more than his taste in women, but I knew that well-heeled clients didn't fall into my lap nearly often enough. I treated him with the respect he expected, even if he didn't deserve it.

"Did he get the message?"

"I made myself as clear as I could," I

told him. "I said I'd cut his dick off."

He retrieved a silver money clip from his pocket and peeled a dozen crisp hundred-dollar bills from it without making the wad appear any smaller. He placed the money on the table between us and I picked it up. I lacked a money clip, so I folded the bills in half and slipped them into my shirt pocket.

**As rough

had been

"Would you say you enjoy your work, Mr. Cleveland?"

"I enjoy eating and paying the rent," I said. "How I do it is inconsequential."

"You look like a man who enjoys what he does," my client said. "I wish I had more men like you working for me."

"Trap a man in a cubicle and sooner or later he'll turn on you."

"They all will turn on you sooner or later, won't they?"

I already had a pair of Martinis in me a week later when I put three Miles Davis CDs into the player and set them to continuously repeat. Then I led Sandi to the bedroom where the only

light came from a streetlamp half a block away.

Our clothes came off without hesitation, and then we were in each other's arms, our hot flesh pressed together and our tongues entwined. We tumbled onto the bed and my hands explored her body, territory that was familiar yet always exciting to revisit. I took one breast in my hand, feeling the soft flesh

ooze between my fingers as I gripped it. I thumbed her nipple to erection and then my mouth replaced my thumb. I teased her constricted areola with the tip of my tongue and then I sucked hard on her nipple as my teeth firmly bit down at the same time.

My hand moved over the swell of Sandi's hip to the back of her leg, and then up the inside of her thigh. I cupped her pubic mound in my hand and teased her pussy lips with my finger, sliding it along the length of her moistening slit. She opened to me and I slid my finger into her glove-tight opening. Then I slid a second finger in.

My lips followed my hand again and soon her pussy hair was tickling my mouth as I used my

hot, swirling tongue to find and tease her swollen clit. I licked her clit while I pistoned my fingers in and out of her vise-like snatch. By then she was wet with desire and her pussy juice ran down the crack of her ass to the comforter beneath her. As my middle two fingers banged Sandi, my little finger pressed against the tight pucker of her asshole, which was now wet and slick with her pussy juice. When my little finger sank into her ass, Sandi let out a gasp of surprise and delight. As frequently as my fingers and even my cock had been inside her asshole, she still always looked surprised every time.

Emily Cartwright

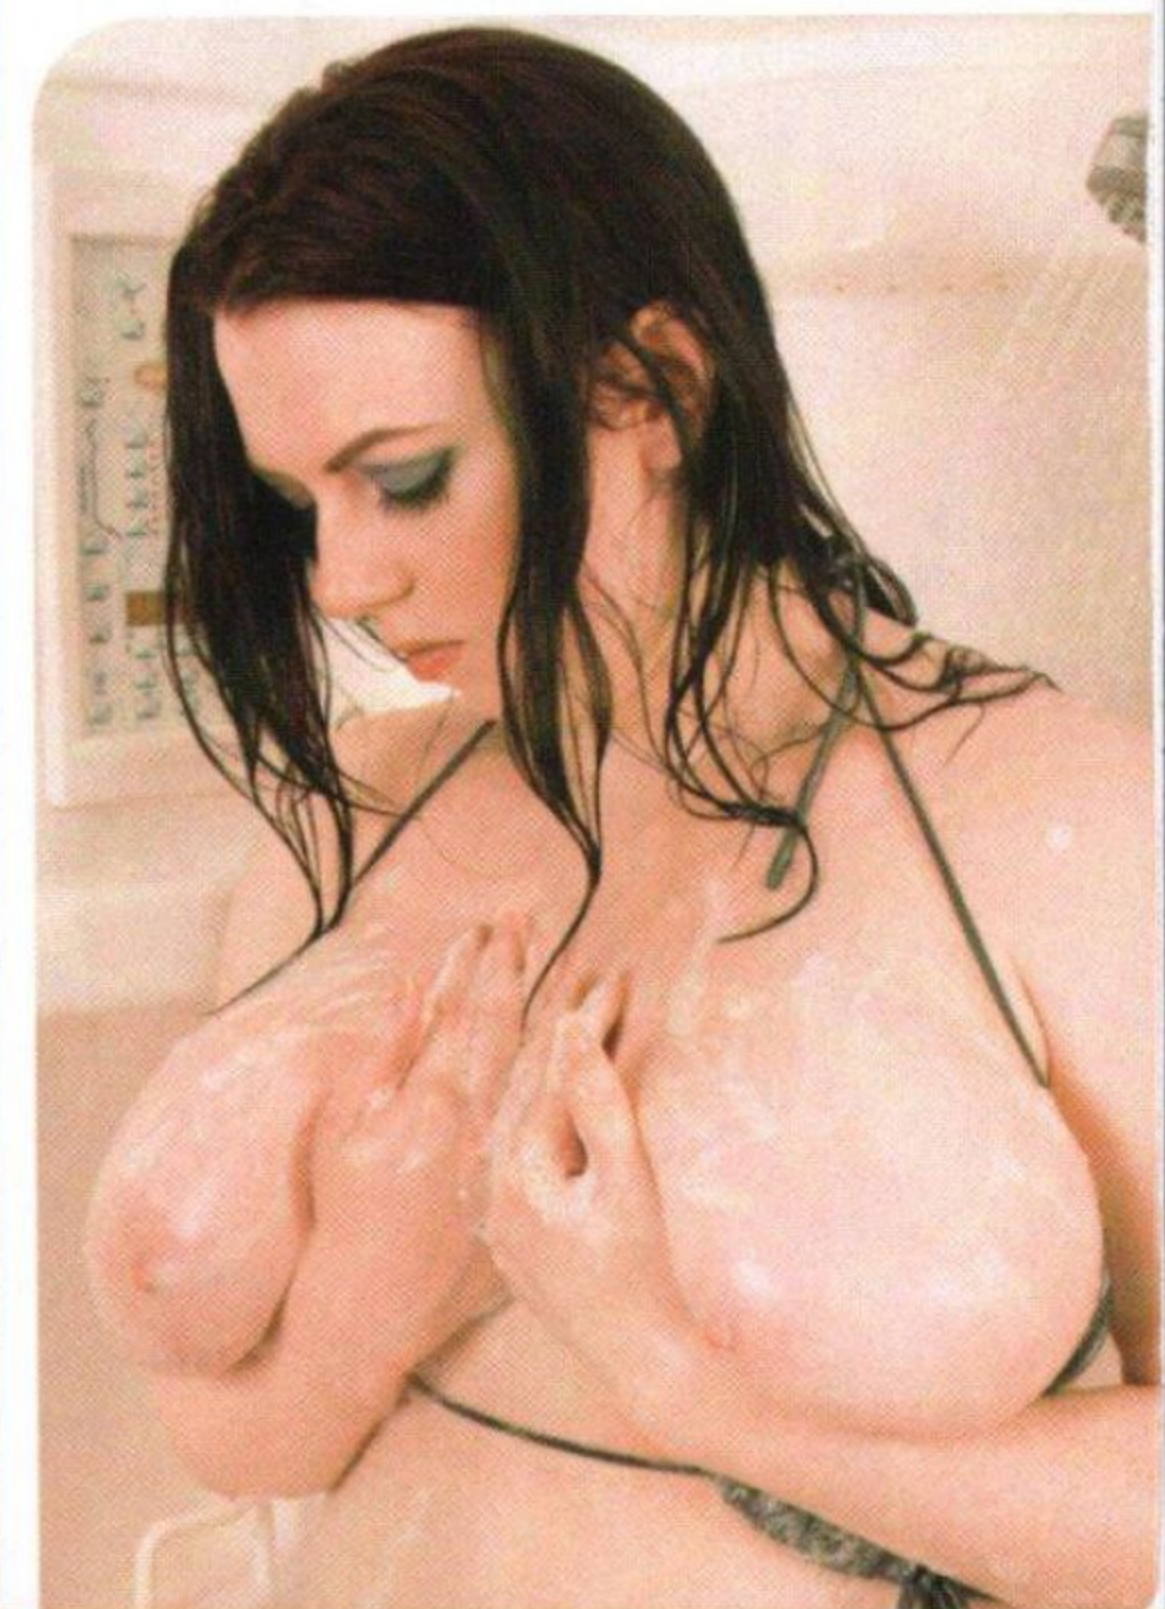

When our photo team recently went to London, they returned with a treasure trove of all-new, hot photos. None were more impressive than Emily Cartwright, who earns both the cover and centerfold spots for this issue! "I had not been modeling for quite some time," she said. "But it felt as natural and as good as it ever did."

Emily was always more of a "slim-n-stacked" body type, but has put on a few pounds in all the right places and has become more of a true V-gal. "I'm bigger than I used to be, I have to admit," she said. "But that includes my breasts, so I'm really not complaining. Neither are any of the men I know. When I first gained a little bit of weight I worried about what they would think of me, but they have all been happy about it. It's true that most men are attracted to a real woman."

Okay, Gabriella loves doing hardcore more than going solo, but does she have a favorite part of hardcore? "I love to fuck in all positions, because that's what gets me off and makes me cum," she said. "But to choose a favorite thing, I have to say sucking cock. I know my fans love to see it and it turns them on the most. I guess for some guys, their women won't do it, so they imagine it's their dick I'm sucking in my scenes. I wish it was, too!"

Emily Cartwright

We know our readers have good taste in women, so we also knew they would be appreciative of Emily's slightly filled-out body. "Now, that part I wasn't too concerned about," she said. "I know *Voluptuous* readers appreciate a woman who is built like me. They love big tits and I've always had those, but they are very accepting of a nice, round arse and a thicker body, too. Being in *Voluptuous* again is just like coming home."

opinion anyway.

Finally, in an issue that was packed with great girls, you had the new model called Georgie. What a cutie! She may not have the biggest boobs like Christy Marks or Nicole Peters, but Georgie's titties are certainly very nice, and she has that pretty and innocent look about her that is a real turn-on. I hope you get to photograph her a lot more and have her in *Voluptuous* often. You've already had some really good newcomers this year, but I think Georgie could be a very strong contender for Newcomer of the Year award the next time around.

Voluptuous is by far my favorite big-boob magazine, but it's not the only one I buy. But I want you to know that even though I do pick up your competition from time to time, your magazine is the only one I never skip. I'm sure my buying habits will not be changing anytime soon.—M.B., Chaffee, Missouri

A BRICK SHITHOUSE?

Dear *Voluptuous*,

I have to take exception to your use of the phrase "Built like a brick shithouse" when referring to the V-girls.

In Australia, "Built like a brick shithouse" is a term usually used when referring to big, burly blokes, and not normally on "sheilas." While it might not be a derogatory term for a bloke, it certainly would for a woman. It means the person is big and without curves—straight up and down. So, it is highly inappropriate to be used in reference to the kind of women you have in *Voluptuous* magazine.

By the way, it has recently occurred to me that Tera Cox looks remarkably like the UK singer, Dido, (except for the boobs). I thought that was worth mentioning.—S.B., Sydney, Australia

Dear S.B., Thanks for the heads up. I suppose a brick shithouse really does have straight sides, doesn't it? In the U.S. it is considered a compliment to a well-built woman, so I'm sure our American models are not offended by the term, but we should keep in mind that we are an international publication, and try to limit our use of terms that might have different interpretations in other regions. A Google search of Dido revealed several photos of her, and you're correct in your comparison to Tera Cox.

Emma

There are common characteristics that many of our British models share. Of course, they all have glorious, mouthwatering boobs, but a great number of them also have creamy-looking, alabaster skin that just begs to be touched. Newcomer Emma has that look, plus blonde hair, blue eyes and natural sexiness that will surely make her famous.

Emma told us that getting naked for the cameras was suggested to her by a guy friend. "This bloke I know kept persisting that I should do nude modeling," she said. "We are always joking and playing, so I couldn't take him seriously until he sat me down one day and said I should do it. He showed me a magazine and I decided to go for it."

HOW ABOUT HAVING MORE MODEL INTERVIEWS?

Dear *Voluptuous*,

I want to compliment you on putting out a great magazine month after month. I am in a similar business, so I know at least some of the challenges you face every issue.

I do, however, have one small complaint. It's more of a suggestion, really. I love the interviews you do with your models, but I want to see a lot more of them. I think it is a good way to get to know these beautiful women better and makes them seem much more real. Even though I am only reading their words, it helps to "give a voice" to the women.

I also have noticed a lot of the same questions being asked in each interview. I suppose some of the same questions are necessary, but I think it would be a good idea to mix up the questions so each interview doesn't come out like every other one I see. Not that they have been identical, but more variety would be a good thing. I would rather learn different things about different girls.

I wonder if it might be possible to have one model interview another one, then they could switch places as far as who is asking and who is answering the questions. Just a thought.

Other than requesting that you print more interviews, I can't think of anything else I would ever want to change.—N.E., Charlotte, North Carolina

CUT OUT THE CONTESTS!

Dear *Voluptuous*,

I've read some letters in *Voluptuous* before criticizing the contests you have, and I have to say I agree to some degree.

All of your models are good, or they wouldn't even be in your magazine to start with, so why go through the procedure of having guys vote for their favorites, then offend or hurt the feelings of the girls who don't win.

I have decided to refrain from voting in any future contests you have and I hope other readers will join me in that. Maybe you will just do away with them once and for all.

You have a great magazine, but the contests just make the fans argue about their favorite models, especially if their favorite doesn't win. Is it really worth all the trouble?—C.H., Dayton, Ohio

A HAPPY VALENTINE'S DAY

Dear *Voluptuous*,

I have been a regular reader of *Voluptuous* for quite a few years and have always enjoyed the stories and other features you include. Of course, I like the big-titted women, but the stories add something a lot of other magazines are missing.

I have noticed that for several issues now, you have discontinued the X-Rated Files, which contained stories sent in by readers about their sexual encounters with big-titted chicks. I hope this is only a temporary thing and you plan to bring that feature back soon. I'd like to share a story of my own.

Around Valentine's Day this year, my girlfriend and I hadn't been getting along too well. We both got really busy with our jobs and other things, plus she was really the jealous type who accused me of fucking around on her all the time. The fact that I have a thing for big tits and have a wandering eye didn't help, I'm sure, but I never actually cheated on her. Well, not until I went shopping trying to find her some very special lingerie.

With the troubles our relationship was having, our sex life was also suffering. I decided to spice it up and give it a little jumpstart by getting her a new piece of lingerie for Valentine's. I also made dinner reservations at a nice restaurant, ordered some flowers to be delivered to her job and bought her a necklace, too, so it's not like I was only thinking about fucking her. That was just the main thing, though.

I went to the local mall to a well-known store that sells some of the sexiest nighties in the world. I shouldn't have been surprised that the saleslady was hot, but I was surprised at how interested she was in waiting on me, asking lots of questions about exactly what I was looking for and how much I wanted to spend. My girlfriend and I both really liked baby doll teddies, so I told the clerk that and she led me to several hanging on a rack. Speaking of racks, I couldn't keep my eyes off the store employee's ample chest. Her blouse was open down to the top of her bra and when she turned or reached just right it gapped open and I could get a great shot of her bra and cleavage.

She asked what size my girlfriend was, and I had to admit that I didn't know the size, as far as any kind of exact

Janet Jade

V-men love big tits no matter where they're found, but most will agree there's something erotic and thrilling about seeing a nice set of hooters outside on a beautiful, sunlit day. Janet Jade agrees. "If I can be naked outside, I will be," she said. "The first few times I tried it, it felt strange. When you go outdoors you wear clothes, right? But I got past that feeling."

Janet lives in Detroit and says she loves it there, except for one thing. "The winters are too long," she said. "It's just too damn cold to go around naked in my backyard. It gets plenty hot in the summer, but that doesn't last as long as I would like. But, it's always been my home and I couldn't imagine living anywhere else, so I make the most of the warmer months."

Janet stars in one of our most ambitious video projects ever, the 3-D *Rack-O-Rama*. "That was really different because of the special cameras and setup that was used to make it 3-D," she said. "But when I saw it, I couldn't believe me eyes. My boobs come right out of the screen and into the viewer's face. It's not just some gimmick. It truly does work."

RICH MAN'S WIFE

Continued from page 44

As she sucked on my swollen knob, I continued pistoning my fingers in and out of her pussy and her ass and running my tongue all over her clit, which was swelling and reaching out to meet my licks.

Miles was pumping out a tune that had an almost be-bop feel, but even cooler, and my tongue and fingers were keeping the beat as they worked on Sandi's pussy and ass. God, I love jazz!

Soon her hips began bucking up and down beneath me, also in perfect rhythm to the primal beat pouring from the speakers. At the same time, she released her liplock on my cock head and took my balls into her mouth. She sucked on them, snaking one hand between us to wrap her fist around my saliva-slickened shaft. She jerked me off hard and fast. My body began to spasm spontaneously, but I never missed a beat in my pussy-licking and asshole-fingering effort.

And then Sandi came, with a scream the neighbors would have heard had it not been muffled by my ball sac. Her pussy and asshole spasmed around my fingers, and she stopped pumping her hand for just a moment, lost in her own climax. Then she resumed her strokes, even harder and faster than before, determined to take me over the edge. Soon I was cumming, too, spewing thick spunk all over her breasts with one strong shot after another that basted her gigantic bosom completely.

After my cock had drained itself on Sandi's chest, I rolled off of her and repositioned myself on the bed so I was laying next to her, my head on the pillow. Sandi rolled away and then suddenly rolled back. The momentum of the maneuver allowed her to swing up and over me and less than a second moment later she was straddling me.

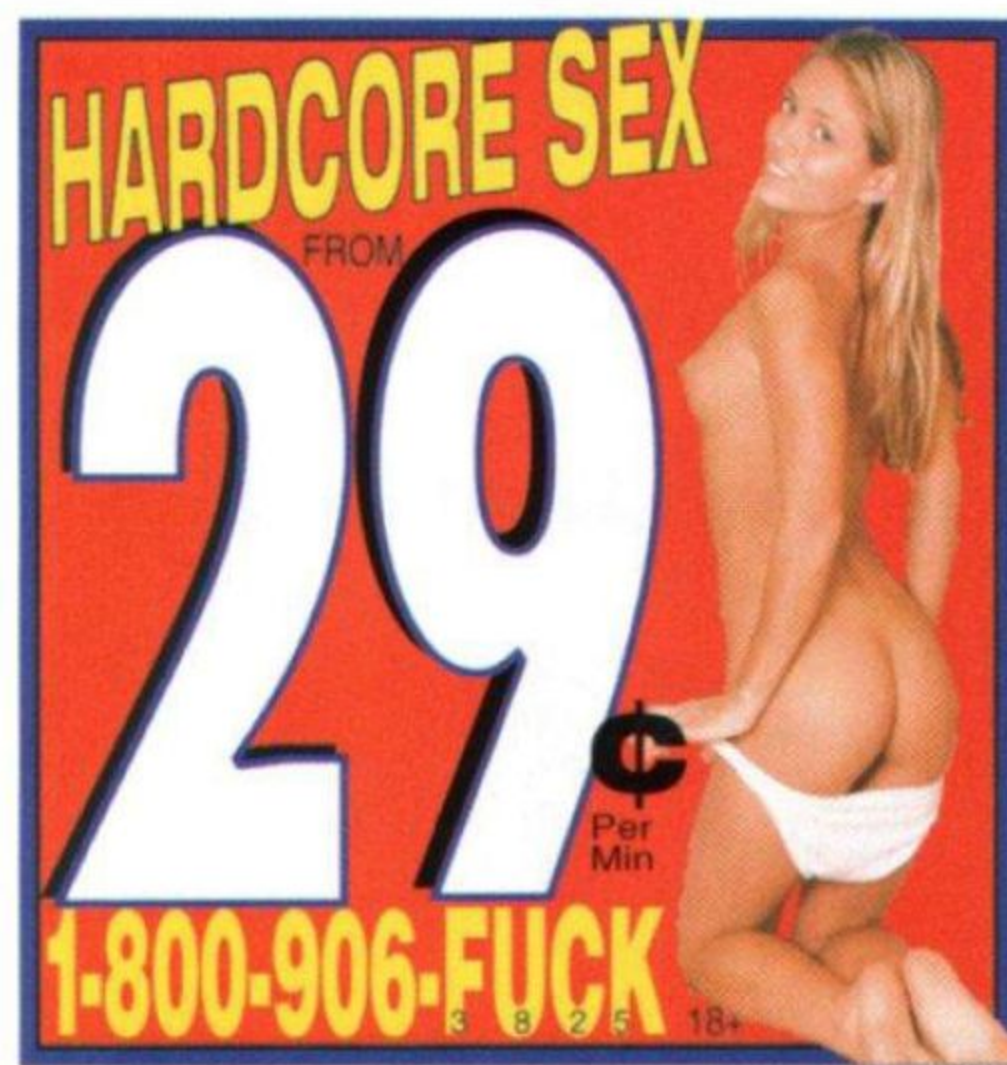

I heard a familiar but unexpected sound. I squinted in the dark to see what Sandi was doing. She had Sanderson's switchblade in her hand, the blade out.

"Where'd you get that?"

"I found it when I took your suit to the cleaners. I always empty out the pockets first and there it was." She pressed the flat of the blade against my throat. "Why the hell would you be carrying a switchblade?"

"I took it from a guy."

"The edge is so sharp I could shave you with it," she said with a giggle. "Maybe I should."

As rough as it had been at times, and we'd often had bruises afterward, our sex had never involved weapons. I stared into her eyes. Perhaps it was just the way the light from the streetlamp outside reflected from them, but they seemed to be gleaming in a way I had never seen before. My cock began to stiffen and press against her thigh. I'm certain Sandi felt it because she shifted her position ever so slightly so the swelling head of my dick brushed up against the lips of her pussy.

She rotated the blade so the edge pressed against my Adam's apple and I could feel how sharp the blade was. Any sudden movement and Sandi would slit my throat. I lay as still as I could and the only thing moving between us was my cock. It was soon fully erect. She used her free hand to position my cock head between her still-slick pussy lips, and then she eased down and around me until my cock was fully engulfed by her pussy.

"Are you afraid that I'll cut you?" she asked. She lifted her hips slowly and then lowered them even slower.

"Not on purpose." I moved my hands gradually, being careful not to shake her. I placed them on her thighs as she rose up and then lowered herself again.

"Are you certain?" She applied a little more pressure to the blade, and I realized that I didn't know how far she might actually go, and that she didn't realize what a lethal instrument she was holding. "You sure are trusting. Do you really think that's smart?"

I grabbed her forearm, pushed it up and away, then grabbed her wrist with my other hand and twisted the knife out of her grip. It clattered to the floor beside the bed.

Sandi laughed and began bucking up and down on top of me, her heavy breasts slapping up and down against her chest. I grabbed her tits and pulled her down on top of me. Then I rolled us over so that I was on top.

I held her with one of her wrists in each on my hands, pinning her to the bed. I fucked her hard and fast, slamming the headboard against the wall. I pumped the full length of my rock-hard cock deep into her, pulling out until only the swollen head remained inside her, then plunging back into her until my balls smacked against her ass.

Yes, I'll admit I was very turned on by what had just happened, but I was also pissed off about the knife. It was an exhilarating combination. She met every one of my powerful thrusts, bucking her hips off the bed to meet me halfway. Her wet pussy sloshed with each thrust of my dick and her juice flowed out of her and covered by balls and ran down my thighs. The entire scene was passionate, erotic and yet violent all at the same time. We were both totally lost in the moment and the tightening of her twat signalled she was close to cumming.

She came with a scream and clamped her pussy so hard on my cock I thought she might actually force it out of her. Two seconds later I came with a loud grunt as my balls emptied into her throbbing pussy. Then I collapsed on top of her and rolled to the side. My anger had subsided and was as absent as my energy. Miles Davis had mellowed out some, but was still playing softly in the living room. I took her into my arms and held her while we both fell asleep. My last thought was that I needed to hide the switchblade and be more careful in the future.

My cell phone rang in the middle of the night, and I scrambled out of bed to find it. I answered it on the fourth ring. On the other end of the line my client said, "I killed her."

I wasn't fully awake. This had to be a dream. "Killed who?"

Sandi stirred and opened her eyes.

"My wife."

"Why?"

"He didn't get the message. She saw him again tonight. She rubbed my face in it. I couldn't have that."

"I'll be there in a few minutes." I snapped my cell phone shut.

"Who was that?"

"A client. I have to go out for a while."

"Oh." Sandi closed her eyes. I sometimes wondered why she didn't ask questions about how I made a living. Most women are naturally curious to the point of being completely nosy. But Sandi seemed satisfied that I had enough dough to get by and she never asked me how I got it. That's one of several things I liked about her.

As I was dressing in the dark, I stepped on the handle of Sanderson's switchblade. I picked it up, closed it, and slipped it into my pocket. When I

was dressing in the dark, I stepped on the handle of Sanderson's switchblade. I picked it up, closed it, and slipped it into my pocket. When I left the house I was dressed in the same clothes I'd been wearing earlier in the day, including the shoulder holster under my jacket.

Everything else I needed was already in the trunk of my car. I arrived at the spacious house in the swanky neighborhood 15 minutes later. Even in the dead of night without another soul in sight, I felt out of place. But I wasn't there for a social call. This was strictly business.

"Where is she?" I said as soon as my client opened the door.

"Upstairs." I followed him up the wide staircase to the second floor and he led me into the master bedroom. His wife's motionless body lay on the floor near the dresser. I saw no blood or other obvious signs of a struggle.

"What happened?"

"She told me she'd just returned from his place. She was the kind of bitch who would fuck another man, then brag about it. I couldn't take it anymore. I hit her. She fell backward against the dresser. When she didn't get up, I checked to see if she was breathing, if she had a pulse, anything at all," he explained. "She didn't."

I thought he seemed remarkably calm for a man who had just killed his wife.

"If the police find her like this, you'll be their primary suspect."

"Of course."

"If she disappears, someone will ask questions. Maybe not right away, but soon enough." I thought for a moment. "Does anyone know she was banging Sanderson?"

"There's a paper trail," he said. "That's how I knew."

"Good. That's a big plus for you."

Television has turned crime scene investigators into demi-gods, but the reality is most of them are overworked and often overlook subtle clues when something obvious stares them right in the face. The equipment and techniques the T.V. cops use are all real, but the time and effort it takes to fully take advantage of all that is usually lacking in the real world. T.V. cops wrap up a case in an hour, while it would take real cops months to do the same thing, and in the meantime, 50 more cases fall into their lap. That's a fact I was counting on.

"Your wife's about to have a falling out with her lover."

Oh, baby, here we go again! A couple of issues ago we were fortunate enough to bring you Lorna Morgan all knocked up and looking fabulous. Now, here's the one and only Sunshine, looking like her water could break at any moment. "I've been told that pregnant women get hornier than hell," she said. "Now, I know."

**"I've never
been hornier!"**

Videos: *Feed Her, Fuck Her* (XXX-Rated, available on page 12), *Triple-X Tit Sex*, *XXX Chubby Twats* (both XXX-Rated and available in the Video Club on page 98). These and more great Sunshine videos are also available online at eBoobStore.com.

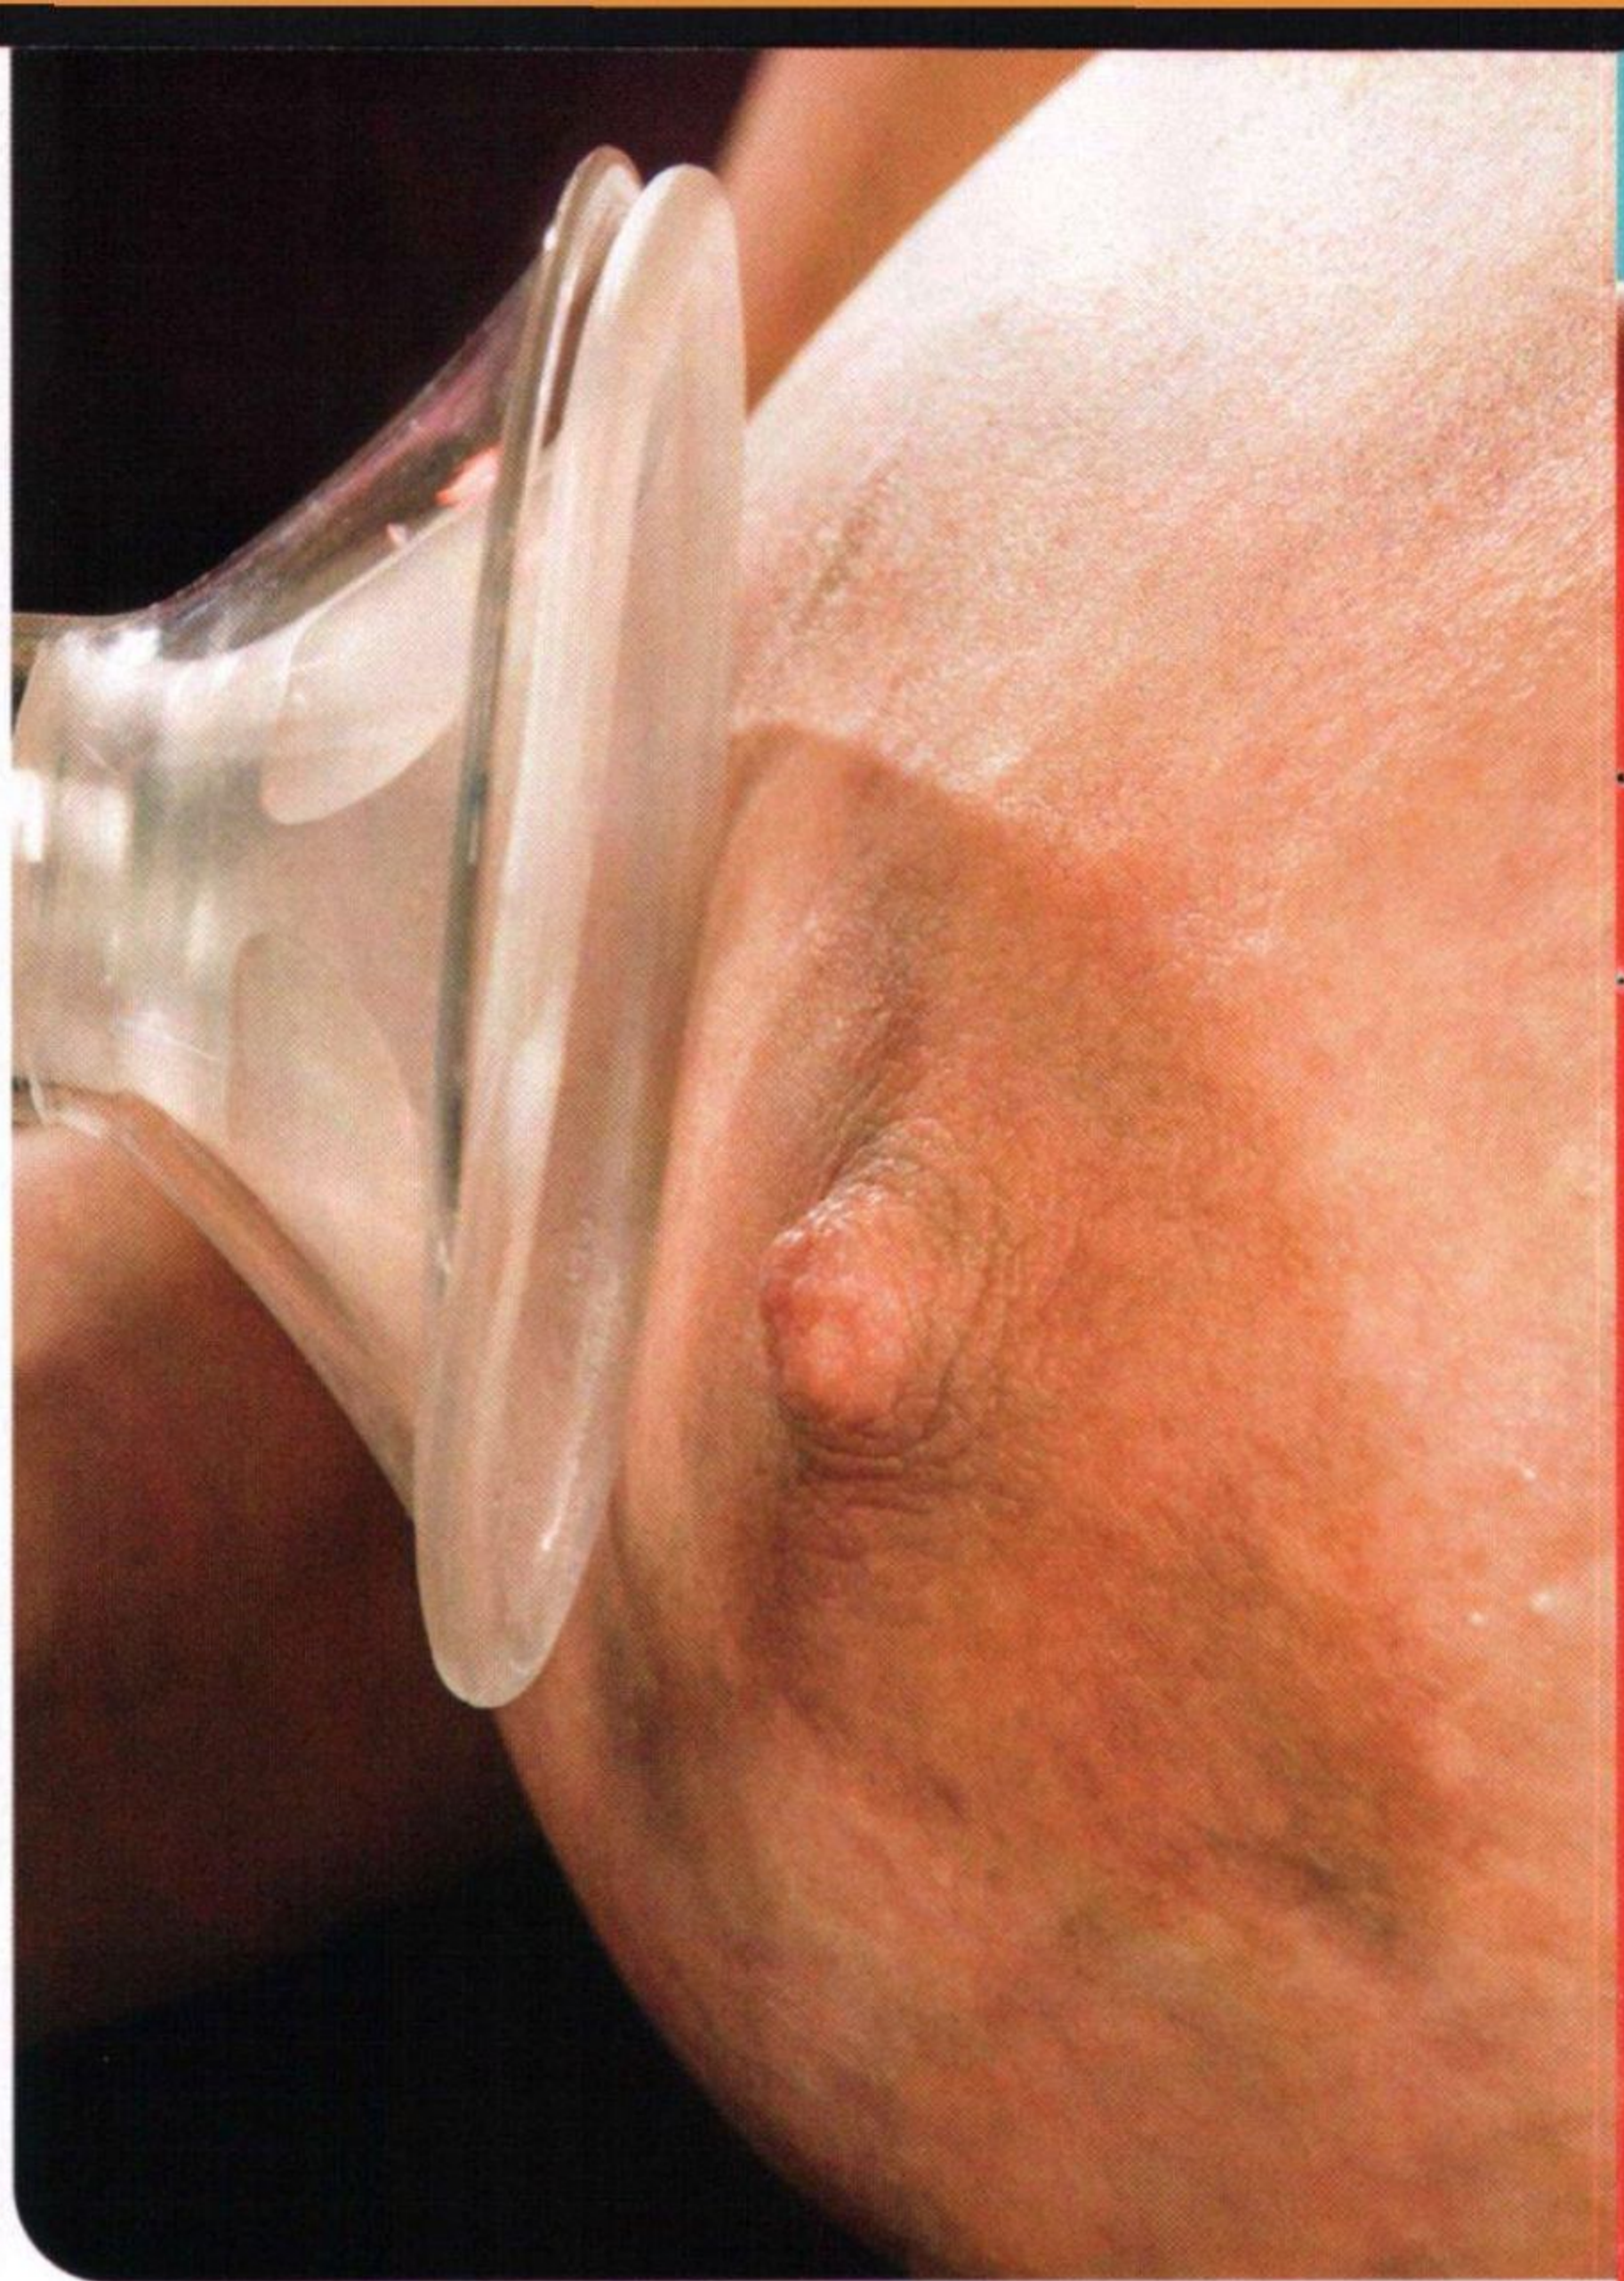

Sunshine has always had two of the best boobs on the planet, but now that they are preparing to be baby feeders, how big can they go? "I don't know, but they sure are swelling up," she said. "I've always loved my big tits and I love it that they are growing even bigger, but I'm beginning to wonder if there's a limit. One thing that has no limit is how horny I'm getting. I have even done hardcore photos and videos while pregnant." See it for yourself in *Feed Her, Fuck Her*. Check out page 12 for even more detailed information.

In her heightened state of horniness, does masturbation get the job done? "It will if there's not a real man around to do it. I can take care of it myself if there's no other way," she said. "But I have always liked a real dick over a fake one. When a guy pounds me good and makes me cum, that satisfies me for at least a while. But, when I fuck my pussy with a dildo or vibrator, I can cum and then feel like I need to cum again really soon. If I could lie around the entire day just cumming, I might be okay, but who has the time?"

RICH MAN'S WIFE

Continued from page 76

I placed the knife in the dead woman's hand, making sure that I positioned it in such a way that it appeared she had been holding it in a stabbing position.

After carefully slipping the switchblade into my pocket, I handed my client a pair of surgical gloves and then instructed him to help me roll his wife into a sheet of plastic. We wrapped her body, carried it downstairs and put it in my trunk. I was thinking how glad I was that there was no blood.

Sanderson's door was remarkably easy to open, and I woke him when I pressed the muzzle of my .38 against his forehead. I flipped back his covers, saw that he was naked and, from the smell of things, had not washed himself or changed his sheets following his fuck session with my client's wife.

"What the fuck? Oh, it's you," Sanderson said as recognition set in. "So, now what? You gonna make good on your threat? Look, if that rich prick husband of hers could have fucked her worth a shit, she wouldn't have looked twice at a guy like me. So you and he can both fuck off!"

Before he could say anything else, I took his switchblade from my pocket, snapped it open, and drove the blade into his abdomen and upward behind his ribcage to his heart. I drew my hand back and waited until he bled out. It didn't take long. I had hit my mark so accurately that he didn't even thrash around in his final moments. He just laid there with a look of utter surprise and shock on his face.

I knocked a few things around to make it appear that there had been a fight of some kind before I let myself out of Sanderson's apartment.

My client and I carried his dead wife's limp body to the third floor landing and removed her from the plastic. I broke the heel off one of her expensive shoes, then unlatched her purse and put it in her hand so that the contents would spill out. Then we pushed her down the concrete stairs. She tumbled wildly down the incline, stopping with a loud thud. I was satisfied to see that she landed in a position that looked believable.

I had retired after 20 years as a cop—twelve of them in homicide—and I knew exactly what the police would

find and what they would think about it: my client's wife had killed her lover during some sort of quarrel and had then fallen down the steps in her haste to leave the scene. The only reason they might not buy the story that the circumstantial evidence laid out for them would be if my client fucked up. That was the only part I wasn't entirely confident about, but his goose would be just as well done as mine if he had a guilty conscience and a loose lip.

After I returned him to his home, I told him not to play coy. "Tell the truth, but just what we want them to know. Got that? Show the police the paper trail. You knew your wife was having an affair and you demanded that she end it. She was already gone when you returned home. You didn't know where she was. The first thing you knew about anything happening to her is when the police told you. Keep your story simple and tell the truth. Mostly. You seem like a really bright guy, so act like one and everything will be okay."

"You do like your job, don't you?"

"It's a living," I told him.

I returned home, put John Coltrane in the CD player, and woke Sandi. Then I fucked her twice before falling asleep again.

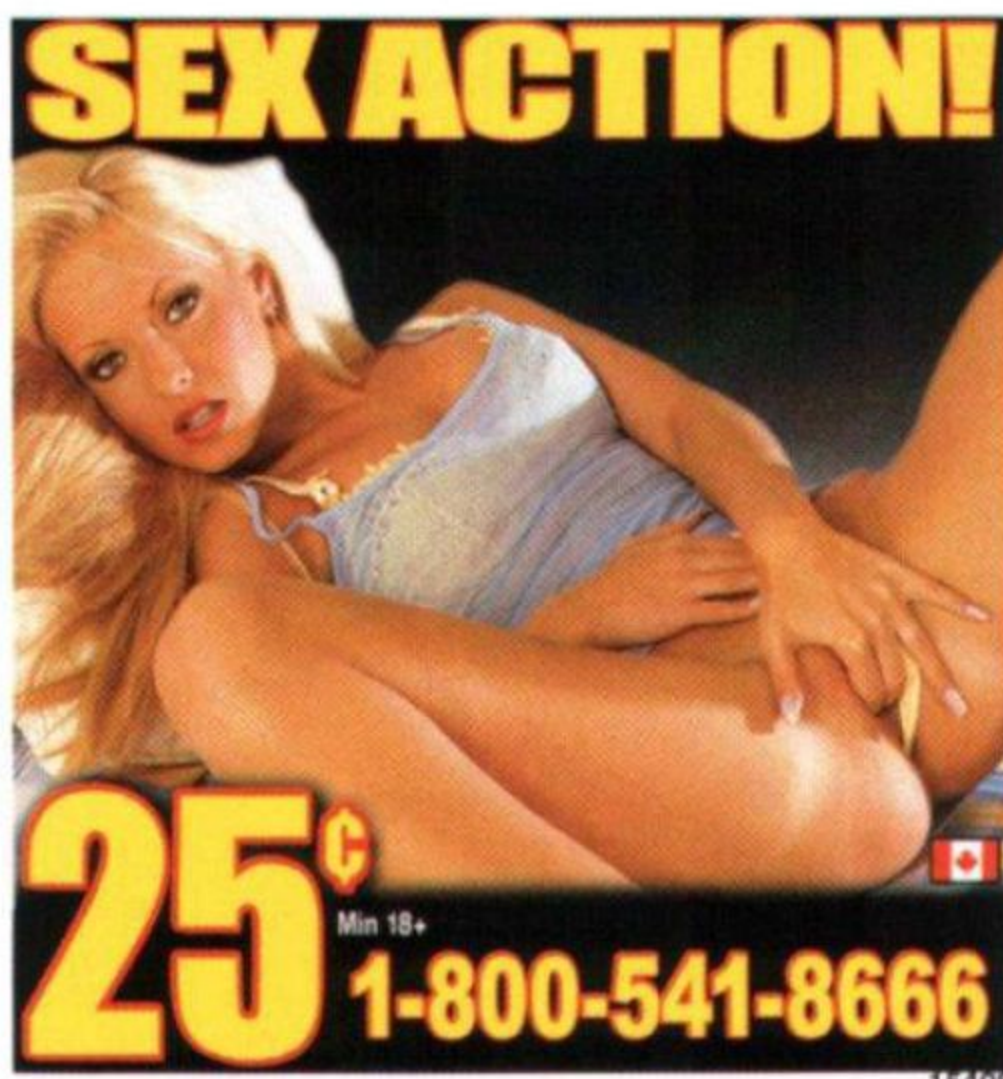

When I crawled out of bed a few hours later, the death of my client's wife was all over the news.

Within a week the story had died, just as I'd known it eventually would. The police accepted the story as I'd laid it out for them. My client's wife had left her fingerprints all over Sanderson's apartment, and Sanderson had left his semen inside her cheating pussy. My client kept his cool during every conversation he had with the investigating officers, then he buried his wife with just the appropriate balance of grief and anger. Real Academy Award-winning shit, I thought.

Three months later I took Sandi to an outrageously expensive restaurant and gave her a two-carat diamond engagement ring between dinner and dessert. It cost a bundle, but I had purchased it with some of the money my client paid me for helping with his "domestic problem." Let's just say he was very grateful for me handling that matter for him.

Sandi was so excited, she gave me a blow job under the table.

She still doesn't know how I earn my living. It's probably better that way.

number. So the clerk asked how she was built. That gave me an excuse to eye the woman from head to foot and say, "About your size and build, really. She's not as hot as you, though."

She picked a flimsy, purple teddy off the rack and said, "This one is my size. Do you think it looks right?"

I said it looked like it would be close, but I couldn't be sure and there was no way to have my girlfriend try it on since it was to be a gift. I couldn't believe my ears, or my luck, when the clerk said she would be willing to try it on so I could see how it looked on a woman's body and not just on a hanger.

She led me to the back of the store where the fitting rooms were located. There was no one else in the area. She stepped into one of the booths and I could hear her shuffling around as she removed her clothing and put the teddy on. After a couple of minutes she asked me to join her in the fitting room. I asked if she was sure that was a good idea and she said it would be better than her stepping out to model the garment for me. She didn't want anyone else to see what she was doing.

Well, how could I argue or resist such persuasive reasoning? I felt a little bit weird as I stepped inside. There was no doubt that this chick had the right job, unless maybe she had chosen to be a stripper or a porn actress.

The teddy clung to her big tits and barely covered her big, brown areolae. Her nipples were jutting out like two thimbles, clearly visible through the lacy fabric.

Without saying a single word she took both of my hands in hers and lifted them to her tits. "See how good and sexy this thing feels?" I'm not usually stunned, but I know I had to have looked beyond silly standing there with her tits in my hands and my mouth hanging open. Then she spoke again. "One of the nice things about this piece is the easy access. See?" She pulled the top out of the way enough that her left tit was fully exposed.

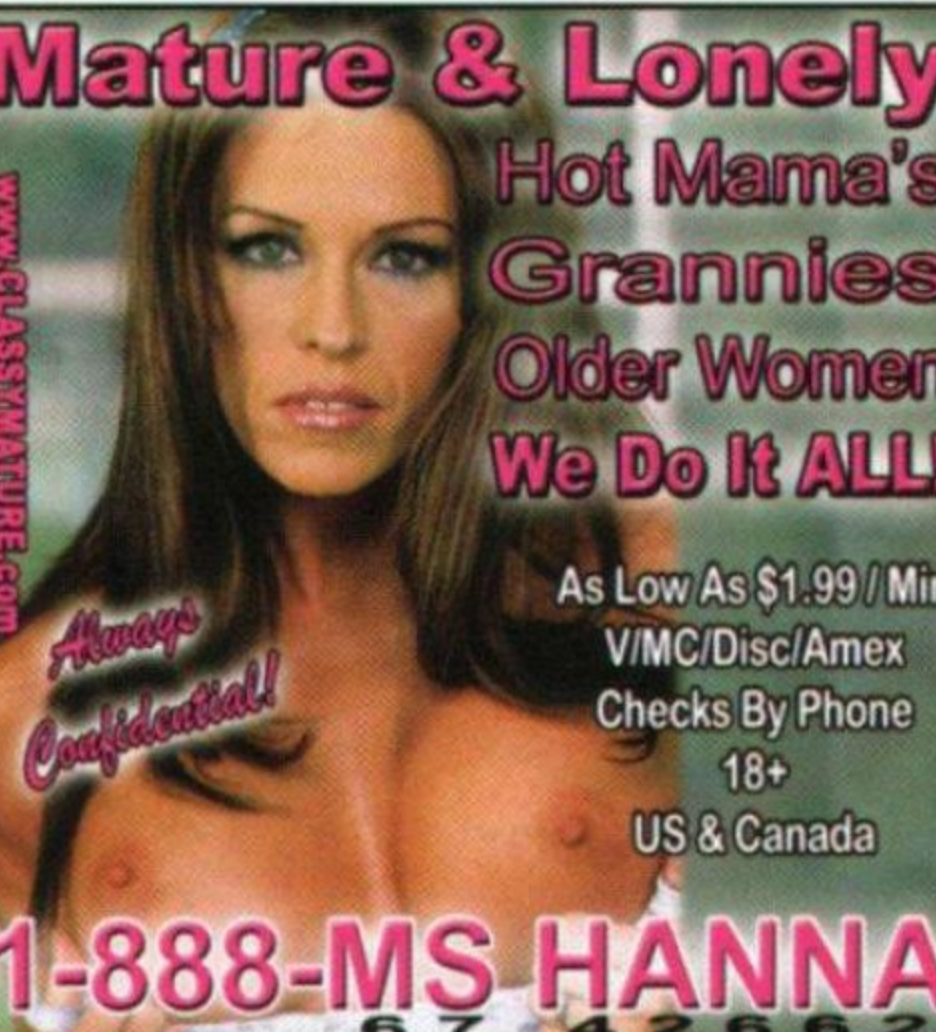

I finally managed to find my voice. "Yeah, that is special," was all I could say. Just as she had done with my hands, she put her hand behind my head and pulled my mouth down to her nipple. As erect as it already was, I

could still feel it growing as I took it between my lips and started sucking gently on it. I started out doing it easy, since I have learned that different women don't all like the same things and I didn't want to tug on her nipple too hard. Her moaning let me know I was doing all the right things, so I bit down on her a little harder and soon was actually gnawing hungrily on her nipple. I rolled it between my teeth, and flicked it with the tip of my tongue as I continued the sucking action all at the same time. My cock had already started growing stiff and straining at the front of my pants.

She turned both of us around and sat me down on a small loveseat. She got down on her knees and fished my dick out and started jacking me off fast. She leaned over and spit on my cock for lubrication and my shaft was slick and shiny and her hand pistoned up and down at a furious pace.

If the head of my dick had not been swollen up so much, her hand would have flown right off the end, but her fist worked up and down my cock, hitting the underside of the head on every upstroke. I've been around, but I had never felt anything like it before.

It didn't take long until I was about to cum, and I told her so. She moved over to one side so my wad wouldn't get on the merchandise and within seconds I shot a stream of juice that hit the door of the dressing room and ran down to the floor. She just smiled without saying another word.

I would like to say that she gave me a blow job and fucked me that day, but she didn't. But, I did buy the teddy and asked her out on a date before I left. I explained that the teddy was an attempt to make things better with my girlfriend and that our relationship had gone stale. She gave a look that said, "Yeah, right," but when I called her a few days later she said she would love to go out with me.

I broke up with the old girlfriend the next week and she seemed really surprised, even though the special lingerie gift had actually pissed her off! That's gratitude for you. My lingerie saleslady and I have been fucking each other regularly ever since. She's not just sexy, she's also smart and funny and we have a great time in bed and out. But, I can't help but wonder how many more guys she jacks off in the back of her store. I don't ask.—S.D., Phoenix, Arizona

ARE WE FOR REAL?

Dear *Voluptuous*,

I have written to you several times before, both by email and through the "regular" mail, but you have never printed any of my letters. This makes me wonder if you actually do print letters from readers or if you guys just make them up yourselves.

It seems like the vast majority of your letters all are about how wonderful you are, or are about your latest new model and how sexy she is, but seldom do I see one that gives you any criticism.

Now that I've said that, here's my complaint, although I don't really expect you to print this in *Voluptuous*. I like seeing hardcore photos in your magazine, but your monthly "Video Pick" is a very transparent advertisement.

Believe me, I understand that you are in the business of selling not just magazines, but DVDs and videos as well, but the Video Picks remind me of those dreadful television infomercials that play mostly on weekends when I'm looking for something worth watching.

How about using those pages to give us more of what we really want; good-looking chicks with big tits and nice asses?

I have been a regular reader of *Voluptuous*, *SCORE* and *XL Girls* for several years, but *Voluptuous* a lot more than the others. My same thoughts apply to those other magazines, as well.—H.R., Lancaster, Pennsylvania

Dear H.R., As you can see, we do print letters from readers, but we receive far too many each month to include them all. Our Video Picks are more than mere "infomercials," as you call them. They have proven to be one of our most popular features since, as you noted, they often give us the opportunity to include more hardcore. A lot of our readers like them for that reason.

This lady in red is ready for bed!

Simona

Proof that youth doesn't count for everything, brand-new Czech beauty, Simona, is a mid-thirties hottie who is just now making a longtime fantasy come true. "I wish I had done this 15 years ago," she said. "But I am from a small farming village in the Czech Republic, so it's not like there are photographers and studios everywhere." Fortunately, Simona was spotted in Prague by one of our best lensmen and she jumped at the proposition of being photographed nude. Gentlemen, we give you Simona.

Simona says her inexperience wasn't a problem once the camera started clicking. "I wasn't told how to pose," she said. "They said 'Look sexy,' so I imagined I was in front of a handsome man and I wanted him to get excited and have sex with me. It was like the camera was my lover and I wanted to please him. It was so easy."

Bare Facts

Simona

Birthday: March 6, 1973

Age: 35 **Height:** 5'5"

Weight: 138 **Bra:** 38E

Measurements: 44-32-40

Lives: Czech Republic

Hobbies: "Reading and having sex. Not at the same time, but I love to do both things very much."

So, since Simona's modeling fantasies have been fulfilled, will it be her career? "Not as a full-time thing," she said. "I love it and will continue to do it, but it will be a sideline. It is great fun, but I am just a simple woman. The glamorous life is not for me. I love my body and I'm proud of it, but I've always thought that I was a little too big and heavy to become a model. Then I was told that many men want to see a more filled-out woman. That was music to my ears and it gave me the courage to live out my dream and take my clothes off for all to see."
